Footage & filming

Editing-only rates assume the client supplies usable footage. On-location videography, crew, equipment, travel and studio costs are quoted separately.

Revisions

Each package includes the stated revision rounds. A new concept, new script, or substantial edit direction change may cost extra.

Third-party costs

Stock footage, licensed music, paid AI generation, actors, voice talent and other external costs are separate unless included in the written quote.

Scope

Video duration, aspect ratio, number of scenes, deliverables, turnaround and project-file delivery are confirmed before work begins.

Commercial use

Usage rights and editable project files are defined in the project agreement.
